There will be a ladder for each discipline, as well as overall state

Finals draws will be based on where teams finish in their individual discipline

All teams will play each state in each discipline

States may have to play each other in finals games, but this is the only time

Each round will have a master board, with 4 points on offer per game. This will be used to determine winning state

1 point per rink win and 2 points for the master board

For individual disciplines, the ladder will be wins and margin

Finals games will count for winning state, with 1 point per rink win
